Special Import Prices
On Araucaria Excelsa, Glauca and Compacta,
For Early Spring Delivery.

For import orders placed before March 1st, we are in position to name the interesting prices noted below on Araucarias, delivery of which will be made during the latter part of April.

You will find this profitable stock to handle, - it growing into value during the summer months at comparatively little cost for labor.

You may have been fortunate in securing a supply early during the past season; sufficient to meet the Christmas demand, but, this has not been general. The plant has been popular and we have been obliged to turn down many orders during the six weeks previous to Christmas.

Special arrangements with prominent Belgian growers enable us to offer exceptional values in advance orders and you will not regret a trial lot.

Araucaria Excelsa.

Strong rooted top-cuttings, imported in 2 1/4 and 3-inch pots; splendid stock to grow on: - $20.00 per 100.
